

Langdam has three dams, stocked with Asian Grass Carp and Bass. We invite our guests to rent our rods for catch and release fishing.

RENTAL:

R200 for the weekend

RULES:

Please ensure the rod is returned to us in the same condition it was found in. Rods that have been damaged, broken, lost or left with tangled lines, will be issued a fine of R500.

Thank you for treating our rods with respect!

Please note, children under 18 should have their parents rent a rod on their behalf, as well as return it to the office.

Please be mindful of the hazard of fishing hooks. They are not to be left on the grass or beach as this poses a risk to our dogs and guests.

When casting, ensure your surroundings are clear.

Please do not pull fish onto the bank. Handle them with care.

Enjoy the fishing and remember to take a photo of your catch!
